Camphill Village Kimberton Hills, Inc.

We have audited the accompanying financial statements of Camphill Village Kimberton Hills, Inc. (a non-profit organization), which comprise the statement of financial position as of March 31, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Camphill Village Kimberton Hills as of March 31, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Nature of Activities

Camphill Village Kimberton Hills, Inc. (the “Village”) is incorporated as a tax-exempt 501(c)(3) not-for-profit Pennsylvania corporation providing residential community living for the mentally handicapped. Donor contributions, residential fees and product sales are the Village’s primary source of revenue.

B. Basis of Presentation

Under generally accepted accounting standards in the United States (U.S. GAAP) standards, the Organization is required to report information regarding financial position and activities according to the following three classes of net assets:

- a. Unrestricted net assets—Net assets that are not subject to donor-imposed stipulations.
- b. Temporarily restricted net assets—Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
- c. Permanently restricted net assets—Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization to use all or part of the assets for general or specific purposes.

C. Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

D. Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Village considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

E. Accounts Receivable

Management believes all accounts receivable as of March 31, 2017 are fully collectible. Accordingly, no reserve for bad debts exists at March 31, 2017.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED MARCH 31, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

F. Restricted and Unrestricted Revenue

Contributions received are recorded as increases in unrestricted or temporarily restricted net assets, depending on the existence and/or nature of any donor restrictions.

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions. Contributions of donated non-cash assets are recorded at their fair values in the period received. The contributions for the year ended March 31, 2017 total \$6,100 and are included in contributions, assets and various expenses.

G. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among programs and supporting services benefited.

H. Donated Services

The Village is generally operated by full-time resident co-workers who are part of the Camphill Movement and do not receive wages for their services; however, they are provided food, lodging and clothing, and other necessities. The co-workers, together with the mentally handicapped residents, perform whatever services are required to maintain and operate the residences and the farm. No amounts have been reflected in the statement of activities for these services in that they do not meet the criteria for recognition.

I. Deferred Revenue

Income from fees and subscriptions is deferred and recognized over the periods to which the fees and subscriptions relate.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED MARCH 31, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

J. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

K. Income Taxes

The Village is organized under the Pennsylvania Nonprofit Corporation Law of 1988 (as amended) exclusively for charitable, educational and scientific purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986. It is exempt from Federal and Pennsylvania income taxes. The Village recognizes the potential income tax and any related penalties and interest arising from uncertain tax positions using a recognition threshold of more likely than not to be sustained upon examination by the appropriate authority. Measurement of the tax uncertainty occurs if the recognition threshold is met. Potential interest and penalties are recognized as a component of the provisions for income taxes. The Organization has concluded that there are no taxes, penalties or interest resulting from uncertain positions that would materially impact the financial statements at March 31, 2017.

The Organizations' tax filings are subject to audit by various tax authorities. The Organizations' open audit periods are 2014 to 2017 and it believes that their current tax positions are appropriate based on the current facts and circumstances.

L. Impairment of Long-Lived Assets

The Organization assesses whether there has been impairment in the value of its long-lived assets whenever events or change in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount to the future net cash flows, undiscounted and without interest, expected to be generated by the asset. If such assets are considered to be impaired, the amount of impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported as the lower of carrying amount or fair value, less costs to sell. Management believes no impairment in the net carrying values of the property and equipment has occurred for the year presented.

N. Sales Tax

The State of Pennsylvania imposes a sales tax on certain sales. The Organization collects the sales tax and remits the entire amount to the state. The Organization's accounting policy is to exclude the tax collected and remitted from revenue.

5. VILLAGE OPERATIONS

One of the programs of the Village is the production of farm products. The co-workers, together with the mentally-handicapped residents, provide the labor used in the program. The products produced are consumed by the residents of the Village and are also sold to the general public. The Village also performs various maintenance services to the residential houses and the equipment used in the production of the farm goods. The costs and maintenance incurred in the production of the goods are recorded as residential costs and included in various income items. These inter-operational income and expenses are eliminated on the statement of activities.

6. FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurement, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon transparency of inputs into the valuation of the fair value of the asset or liability at the measurement date. The three levels are defined as follows:

Level 1 – Represented by quoted prices that are available in an active market.

Level 2 – Represented by assets and liabilities similar to Level 1 where quoted prices are not available, but are observable, either directly or indirectly through corroboration with observable market data and estimated using pricing models or discounted cash flows.

Level 3 – Represented by financial instruments where there is limited activity or unobservable market prices and pricing models significant to determining the fair value measurement include the reporting entity's own assumption about the market risk.

Fair values of assets measured on a recurring basis at March 31, 2017 are as follows:

	<u>Fair Value</u>	<u>Quoted Prices (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>
